

VIDEO TO DVD

Stop video degradation and preserve your family memories by transferring old videos to DVD!

Only \$15 per hour

Video to DVD Transfer

Preserve your home videos to DVD for only \$15 per hour per video tape. Each DVD can record as much as 2 hours of video. Once we have all your videos transferred to DVD it's as little as \$15 per copy! An easy way to share all your memories with the entire family for generations!

Audio to CD Transfer

From audio cassettes to vinyl records we can transfer your precision audio memories to CD. Only \$15 per cassette side or per record side.

ADDITIONAL COPIES

DVDs \$15 each*

Share your family memories with additional DVDs. Each DVD arrives with a label and DVD case.

AUDIO CDs \$15 each*

Each CD comes with a label and jewel album case.

VHS Videocassette Repair \$40 each

We repair your videocassette by splicing and placing the tape into a new VHS shell and transfer the video onto a DVD for preservation.

*Maximum of 2 hours per DVD.

*Maximum of 80 minutes per CD.
